EU COVID-19 Leave of Absence (LOA) Policy
Effective September 10, 2020 through December 31, 2020

The USDOE is extending the maximum duration of a Leave of Absence (LOA) from 180 days to also include the number of additional days remaining in the calendar year for 2020 for students who are impacted by a COVID-19 related qualifying event. This flexibility includes students who are already on an LOA approved since the original flexibility was granted. Everglades University students wishing to extend their LOAs should contact their Campus Deans or Academic Advisors to discuss their options.
