

2023-2024 VIEWBOOK

Everglades University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award baccalaureate and masters degrees. Questions about the accreditation of Everglades University may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website (www.sacscoc.org).

FROM THE PRESIDENT

Kristi L. Mollis, M.B.A.
President/CEO
Everglades University

Dear Student,

On behalf of our dedicated staff and faculty, it is a pleasure to welcome you to Everglades University. I am confident our focus on our students, our attention to detail, and our commitment to your success will provide for a unique academic experience.

It is our goal to exceed your expectations by playing a key role in your professional development as well as your personal enrichment. Our small classes, our one-class-at-a-time delivery system, and your easy access to industry-experienced faculty will facilitate an enriched learning environment.

Whether you attend an Everglades University campus or a virtual environment from a computer across the country, you'll find enthusiastic faculty and motivated classmates. If you, like most of our students, work full-time while earning your degree, you'll find an atmosphere conducive to juggling life's responsibilities while expanding your career possibilities.

Congratulations on your educational choice and thank you for entrusting your future to Everglades University.

Sincerely,

Kristi L. Mollis, M.B.A.
President/CEO

WELCOME TO EVERGLADES UNIVERSITY

We are excited about your interest in pursuing your educational and career goals. We are providing you with this Everglades University Viewbook which highlights our programs, advantages, employers of our graduates, student testimonials, and benefits of becoming an Everglades University student! The first step in the application process is to create an application profile at:
<https://enroll.evergladesuniversity.edu/>

Once your application profile is complete, we will contact you and collaborate on the next steps! In addition if you have any questions our admissions counselors are always available to assist you! Thank you and we look forward to supporting you on your career journey!

Best regards,
The Administration & Faculty of Everglades University

THE EVERGLADES UNIVERSITY ADVANTAGE

SMALL CLASS SIZES

The small classes at Everglades University provide greater interaction between you and the faculty and will offer the opportunity to achieve your educational goals in a supportive, compassionate, and professional environment. Our convenient schedules will allow you to work full-time or part-time while completing your degree.*

* Please contact the campus of your choice for class schedule availability.

ONE CLASS AT A TIME

In the undergraduate degree programs at Everglades University, students complete one class per month. Taking one class at a time promotes concentration in each individual class and will allow you to balance your education with the daily demands of our modern fast-paced world. In the graduate degree programs at Everglades University, you can complete one or two classes within a two month time period.

“NO HASSLE” APPROACH

As a student at Everglades University, you will never have to be concerned with scheduling classes or needing a class that may not be offered in a particular semester. Everglades University’s “no hassle” approach to scheduling means that we build your entire schedule until graduation. You will not have to go through the aggravation of standing in long lines to register for class or obtain your class materials. Furthermore, your schedule will reflect only the classes necessary for your degree. You will not have to experience registering for an unnecessary class or encounter gaps in your schedule. An accurate schedule tailored to your degree program allows you to graduate as quickly as possible.

“During my time as a student in this program, I was able to gain an extensive amount of knowledge about the various types of operations that aviation has to offer. It also helped introduce me to the world of aerospace and space exploration opportunities that I never realized were possible.” *Sawyer Raffield, 2020, Bachelor’s in Aviation/Aerospace Operations, EU Online*

NOT FOR PROFIT

Everglades University is a not-for-profit university offering graduate and undergraduate degree programs that will prepare students to enter and advance in their desired fields of study.

QUALITY EDUCATION

Industry experts evaluate Everglades University's undergraduate and graduate degree programs. This industry-monitoring process helps to ensure that your curriculum is consistently up-to-date and in accordance with industry standards.

The U.S. Green Building Council and Everglades University have partnered together weaving the principles of sustainability, green building, nutrition, and environmental consciousness into its undergraduate degree programs. All undergraduate students take a sustainability course and receive a certificate of completion in sustainability.

ACCREDITATION

Everglades University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award bachelor's and master's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Everglades University.

STATE RECIPROCITY AGREEMENTS

Everglades University has been approved to participate in the National Council for State Authorization Reciprocity Agreements.

ICUF MEMBERSHIP

Everglades University is a member of the Independent Colleges and Universities of Florida (ICUF). For additional information, please contact ICUF at 542 East Park Avenue, Tallahassee, FL 32301; phone (850) 681-3188 or by fax (850) 681-0057. Additional information regarding this institution may be obtained by contacting the Commission for Independent Education, Florida Department of Education at 325 West Gaines St., Suite #1414, Tallahassee, FL 32399; toll-free (888) 224-6684; fax (850) 245-3234.

APPROVED FOR VETERANS TRAINING

Everglades University is approved for veteran's training and is a Yellow Ribbon program participant for the Post 9/11 GI Bill (R). Everglades University is an active supporter of the Principles of Excellence and Department of Defense Memorandum of Understanding (DODMOU). Everglades University provides processes to determine credit awards and learning acquired for specialized military training and occupational experience when applicable to a service member's degree program.

ACADEMIC ADVISING

Academic Advisors are available to you in person, via phone, or online. During your academic advisory meetings, you will discuss your schedule, progress reports, grade point average, and attendance. Your Academic Advisor will help to assist you in reaching your academic goals and aspirations.

BOOKSTORE

The Everglades University Online Bookstore located on the Everglades University website at www.EvergladesUniversity.edu offers a number of services that make returning to school a "no hassle" process. If you are an online or on-campus student, once you are registered for class the online bookstore allows you to order your textbooks via an ebook format or a hard copy format and have them shipped directly to your house. In addition students and alumni can order apparel and gifts and other items through our online bookstore also located on the Everglades University website.

STUDENT SERVICES

The Department of Student Services is available to assist you in various ways throughout your educational journey at Everglades University including your transition into the workplace environment. Prior to and after graduation, Student Services will advise you in career development skills such as résumé writing, cover letter writing, and interviewing skills that are necessary within the professional workplace environment. Furthermore, Student Services will assist you in your search for employment. By utilizing a variety of resources such as a national web-based placement service at: www.CollegeCentral.com/EvergladesUniversity

Our Student Services Department works with both graduates and employers to build employment opportunities but does not promise or guarantee future employment.

FLORIDA'S STATEWIDE COURSE NUMBERING SYSTEM

Courses offered at Everglades University are identified by prefixes and numbers that were assigned by Florida's Statewide Course Numbering System (SCNS). This numbering system is used by all public postsecondary institutions in Florida and participating non-public institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions.

"I chose Everglades University because it worked around my schedule, having the degree be 100% online was great for my work/life balance. With having all of the classes online, you have time to work on school work no matter when or where you are working. My degree, Bachelors of Construction Management, will help me pursue two of my life goals- one getting back into the military as an Officer and two, move up into a Construction Manager position at work." Justin Trudeau, 2020, Bachelor's in Construction Management, EU Orlando

DEDICATED FACULTY MAKE THE DIFFERENCE

Our faculty's real-world experience, in conjunction with their academic credentials and accomplishments, gives them the strong background needed to relate classroom theory to the workplace and eventually your new career. Our faculty members hold either a Master's or Doctoral degree in their area of specialty.

EVERGLADES UNIVERSITY HISTORY

In September 1990, American Flyers College (now Everglades University) was founded in Fort Lauderdale, FL. American Flyers College became a nationally accredited college under the standards of the Accrediting Commission of Career Schools and Colleges of Technology (ACCSCT) and was licensed by the Florida State Board of Independent Colleges and Universities (SBICU) to award Associate of Science Degrees. In 1997, American Flyers College moved to the Pompano Air Park to better serve its student body. Later in 2000, to better serve the needs of the community, Everglades College added Bachelor of Science Degrees with majors in Business Administration, Information Technology, Applied Management, Aviation Management, and Professional Aviation.

In the fall of 2002, Everglades College became one of the first colleges in the country to offer a Bachelor of Science Degree with a major in Alternative Medicine. In 2003, the State of Florida, Department of Education, Commission for Independent Education granted approval to open the Sarasota Branch Campus of Everglades College. In 2003, Everglades College received approval to offer Master's Degrees in Business Administration, Information Technology, and Aviation Science. And in 2003, Everglades College officially changed its name to Everglades University and received approval to offer a Bachelor of Science Degree in Aviation Technology.

In 2004, the Main Campus of Everglades University relocated to Boca Raton, FL. In 2004, the State of Florida, Department of Education, Commission for Independent Education granted approval to open the Orlando Branch Campus of Everglades University.

In 2005, Everglades University was granted approval to offer the Bachelor of Science Degree with a major in Construction Management.

Effective 2010, Everglades University was accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award bachelor's and master's degrees.

In 2011, Everglades University was granted approval to offer the Bachelor of Science Degrees with majors in Alternative and Renewable Energy Management and Crisis and Disaster Management and granted approval to offer the Master's Degree in Entrepreneurship.

In 2014, Everglades University was granted approval to offer the Bachelor of Science Degrees with majors in Land and Energy Management and Environmental Policy and Management and granted approval to offer the Master's Degree in Public Health Administration. In 2014, Everglades University was granted approval to open the Off-Campus Instructional Site of the Sarasota Branch Campus, in Tampa, FL and to relocate the Orlando Branch Campus to Maitland, FL.

In 2015, Everglades University was granted approval to offer the Bachelor of Science degrees in Surveying Management (for Construction and Roadway), Hospitality Management, and International Business.

In 2015, the Southern Association of Colleges and Schools Commission on Colleges reaffirmed accreditation for Everglades University for ten years.

In 2018, Everglades University was granted approval to open the Miami Campus off-campus instructional site of the Boca Raton Main campus and was granted approval to relocate the Tampa Off-Campus Instructional site to Kennedy Boulevard in Tampa, FL.

In 2019, Everglades University was approved to offer the Master's in Construction Management and Bachelor of Science with a Major in Marine Resources Management programs.

In 2021, Everglades University was approved to offer the following degree programs: the Bachelor of Science degree with a Major in Parks, Recreation and Leisure Management; the Bachelor of Science degree with a Major in Sustainability; the Bachelor of Science degree with a Major in Healthcare Administration; the Master's Degree in Sustainability; the Master's Degree in Leadership; and the Master's Degree in Hospitality Management.

In 2022, Everglades University was approved to offer the Master's Degree in Coastal and Marine Management.

Boca Raton Campus/Online Division

Miami Campus

Orlando Campus

Sarasota Campus

Tampa Campus

EVERGLADES UNIVERSITY CAMPUSES

BOCA RATON CAMPUS/ONLINE DIVISION

The Main Campus of Everglades University is located in Boca Raton, Florida, which is conveniently accessible for residents of both Palm Beach and Broward Counties. The Boca Raton Campus provides ample free parking and is easily reached by I-95, Tri-Rail, and public bus service. The University building encompasses over 37,000 square feet of air-conditioned and well-lit offices, classrooms, computer labs, a library and a student lounge. The Online Division of Everglades University is located on the second floor of the Boca Raton Main Campus.

Boca Raton has been described as a cosmopolitan metropolis offering a tropical paradise lifestyle. Boca Raton is a large community with an abundance of beautifully designed and landscaped residential neighborhoods and is home to a thriving business community. With beautiful sprawling Atlantic beaches, nature preserves, and parks, Boca Raton has a great deal to offer individuals of all ages.

MIAMI CAMPUS

The Miami off-campus instructional site is located just off Florida's Turnpike and Kendall Drive on Mills Drive in a spacious 24,404 square-foot beautifully remodeled facility located at the Palms at Town and Country shopping district and restaurant center. The facility features student lounge areas with an outdoor patio eating area, library, administrative offices, computer lab and stadium seating classrooms with wireless technology. The Miami campus is conveniently accessible to the Miami International Airport and from both Broward County as well as Monroe County.

Miami is a major center, and a leader in finance, commerce, culture, media, entertainment, the arts and international trade. In 2012, Miami was classified as an "Alpha-" level world city in the World Cities Study Group's inventory. Miami is nicknamed the "Capital of Latin America" and the "Magic City" and is the largest city with a Cuban-American plurality.

ORLANDO CAMPUS

The Orlando Branch Campus of Everglades University is located in a spacious 28,000 square-foot building on Trafalgar Court, Maitland, Florida. The facility houses well-lit offices, classrooms, a computer lab, a library, faculty lounge and a student lounge. The campus is conveniently located close to I-4, the SunRail Station via Neighborlink shuttle service, Orlando International Airport, Altamonte Mall, and Florida Hospital. The Orlando Campus is a branch of the main campus in Boca Raton, Florida.

Orlando, a city in central Florida, is home to more than a dozen theme parks. Chief among its claims to fame is Walt Disney World, comprised of parks like the Magic Kingdom and Epcot, as well as water parks. Another major destination, Universal Orlando, offers Universal Studios and Islands of Adventure, with the Wizarding World of Harry Potter straddling both.

SARASOTA CAMPUS

The Sarasota Branch Campus of Everglades University is located in a spacious three-story building just off I-75 and University Parkway in Sarasota, Florida. The university occupies approximately 36,000 square feet of space. This includes well-lit offices, classrooms, two computer labs, two student lounges and a student career center. The Sarasota Campus shares a spacious library with a relaxing study area and a large auditorium with state-of-the-industry technology with Keiser University. The campus is surrounded by a beautiful landscape of 20 plus acres bordered by Lake Osprey. The Sarasota Campus is a branch of the main campus in Boca Raton, Florida.

Known as a beautiful vacation spot for tourists, Sarasota has become home to a diverse population. Sarasota offers gorgeous sprawling beaches, a number of leisure activities, cultural events, museums, and a magnificent year-round climate. Furthermore, Sarasota is home to a flourishing business environment. The city of Sarasota maintains a vivacious recreational and cultural community.

TAMPA CAMPUS

Our Tampa off-campus instructional site is located right off the 275 interstate and just minutes from US Highway 589, Route 60, on Kennedy Boulevard across from West Shore Plaza and 2 miles south from International Mall. The 21,000 square foot facility features classrooms designed for an ideal learning environment: 17 classrooms, 15 offices, a library, a computer lab, a bookstore and 2 student lounge areas. The new location offers a convenient option for those located in the City of Tampa as well as neighboring counties of Hillsborough, Pinellas, Pasco and lower Polk counties.

Tampa is a city on Tampa Bay, along Florida's Gulf Coast. A major business center, it's also known for its museums and other cultural offerings. Busch Gardens is an African-themed amusement park with thrill rides and animal-viewing areas. The historic Ybor City neighborhood, developed by turn of the 20th century Cuban and Spanish cigar-factory workers, is a dining and nightlife destination.

GRADUATE DEGREES

MASTER'S DEGREE IN AVIATION SCIENCE

The Master's Degree in Aviation Science (MAS) provides a unique learning experience for aviation industry professionals. Combining a variety of aviation and aerospace courses, this program will enable graduates to broaden their knowledge of the aviation industry by understanding relevant theories and principles of aerospace and their application to real-world situations. Students will complete technical aviation coursework that will include intensive analysis of airway transportation systems, aerospace communication systems, aviation human factors and psychology.

Concentrations are available in Aviation Operations Management, Aviation Security, and Business Administration.

Graduates will be skilled in advanced research, formal writing techniques, and prepared for a beyond entry-level career in aviation.

"After earning my masters degree, doors were opening, and employment opportunities were being offered to me. I was offered a few jobs, and I have chosen to pursue a teaching position which will allow me to share my knowledge and passion for aviation."

Ralph Seurattan, 2020, Master's in Aviation Science, EU Tampa

MASTER'S DEGREE IN BUSINESS ADMINISTRATION

The Master's Degree in Business Administration (MBA) will qualify students to meet the market conditions that require graduate degrees for middle-management or higher-level employment. This program can also equip you with the knowledge that is necessary to launch your own business. The MBA program is designed to provide you with advanced theoretical concepts and knowledge from all functional areas of business through an analytical, decision-making process which focuses on solving practical problems. **Concentrations are available in Accounting for Managers, Aviation Management, Construction Management, Human Resource Management, and Project Management.**

A Graduate Business Capstone Course is also required as a culmination of this intensive program, allowing prospective graduates to demonstrate their newly acquired skills and expertise in the field of business administration prior to embarking on their careers.

MASTER'S DEGREE IN COASTAL AND MARINE MANAGEMENT

The Master's Degree in Coastal and Marine Management is an interdisciplinary program that includes fields of study required for students to be effective in their chosen careers as managers of coastal and marine management. The program is designed to allow its graduates to succeed in bringing together science, practice and decision-making to make a lasting impact on the various aspects of coastal and marine management. The Master's Degree in Coastal and Marine Management includes classes in communication, leadership, physical sciences, and policy and decision-making to create a well-rounded experience that will effectively allow students to blend science and management in their chosen professions.

The Master's Degree in Coastal and Marine Management brings together ecological science, sustainability, leadership, management and communication. Students should graduate with the ability to understand the ecology of coastal and marine systems and how to influence or create policy to integrate and apply various approaches to positively impact strategy and decision making for the future.

GRADUATE DEGREES

MASTER'S DEGREE IN ENTREPRENEURSHIP

The Master's Degree in Entrepreneurship is designed to administer a challenging learning environment with an emphasis on entrepreneurial theories and practice. This program provides students with the skills needed to understand the risks and rewards associated with developing a working model from which to start an innovative business venture. As a graduate, you will be able to analyze various models and demonstrate effective decision-making practices. This Master's Degree in Entrepreneurship will prepare you for a career as an Entrepreneur.

The program leading to the Master's Degree in Entrepreneurship focuses on the behaviors and attributes required to operate successfully within the entrepreneurial environment. Entrepreneurs are the driving force in the U.S. and World Economies and this program helps develop entrepreneurial leaders.

MASTER'S DEGREE IN HOSPITALITY MANAGEMENT

The Master's Degree in Hospitality Management is designed to provide the skills and knowledge needed for success in the hospitality industry by professionals for high-level operations and management. The program combines foundational managerial and business background in accounting, decision-making, human resources, project management, and business strategy with courses in hospitality theory, management, and sustainable operations.

The Master's Degree in Hospitality Management offers courses that should prepare graduates for employment in managerial positions in hospitality. The degree will prepare students with skills in project management, leadership and critical thinking and decision-making. Opportunities for these graduates will range from hotels and restaurants to travel, resorts and tourism, to event planning and customer service.

MASTER'S DEGREE IN CONSTRUCTION MANAGEMENT

The Master's Degree in Construction Management allows students seeking upper-level management positions in various sectors of the construction industry to improve their competency in project, program and company management areas. The program is designed to provide students with the opportunity to apply advanced theoretical concepts and knowledge from all functional areas of the construction business through an analytical, decision-making process which focuses on solving practical problems.

The Master's in Construction Management curriculum provides a challenging and creative learning environment, including courses such as Strategic Management of Construction Organizations, Advanced Construction Estimating, Construction Claims, Construction Cost Analysis and Financial Control, Construction Productivity, and Legal Aspects in Construction.

The Master's Degree in Construction Management seeks to provide students with a well-rounded view of the purpose, operation, and management of construction business entities.

MASTER'S DEGREE IN LEADERSHIP

The Master's Degree in Leadership curriculum is designed to create leaders with practical knowledge applicable to a variety of professional, personal, and civic environments, and enable graduates to apply their knowledge to effect real change and transformation. The program is designed to provide the necessary skills and strategies to support the goals of its graduates in becoming the next generation of leaders, whether they are interested moving up to the next level in their current occupations, or embarking on a new path in their careers.

The Master's Degree in Leadership seeks to provide students with a broad view of the meaning of leadership. The degree is designed to prepare students to apply theories of leadership to real-world situations. Graduates will be prepared to inspire teams, and create change in organizations, and model leadership in contexts of all types.

MASTER'S DEGREE IN PUBLIC HEALTH ADMINISTRATION

The Master's Degree in Public Health Administration (MPH) provides students with a well-rounded view of the field in public health. The MPH curriculum implements a challenging and creative learning environment with an intensive program of study that has a broad-based administrative emphasis.

A concentration in Complementary and Alternative Medicine (CAM) is available with this degree program.

This concentration gives the student a unique perspective on the emerging field of Complementary and Alternative Medicine integration within healthcare systems and policy. The degree offers personal fulfillment by working towards improving the public's health and well-being.

A concentration in Functional Nutrition (MPHFN) is also available with this degree program. Graduates will be able to confront complex health issues, such as evidence based nutrition, controlling infectious disease, whole foods for health and wellness, nutritional assessment, and epidemiology with a component of functional nutrition approaches.

"Monday I embark on a new journey, as I will be taking on the role of General Manager for the first time in my professional career for a Holiday Inn Express here in Florida. Truly a dream come true with all the work and school paying off. My degree from Everglades University was a great contributing factor in this new chapter of my career." Karl Cieslak, 2020, Bachelor's in Hospitality Management, EU Tampa

MASTER'S DEGREE IN SUSTAINABILITY

The Master's Degree in Sustainability represents an approach to sustainability concepts built around the "Triple Bottom Line," which comprises the three pillars of sustainability: economy, society, and the environment. Courses in this program include a multi-disciplinary approach to each of these aspects of sustainability. This program asks students to examine the impacts on business and society caused by the changing environment, and to imagine improvements to existing systems in fields including business and management, economic development, public policy and public health, and environmental justice. Graduates in the growing field of Sustainability can find jobs in clean energy, community organizing, technology, education, management, planning, business and more.

The Master's in Sustainability curriculum provides a challenging and creative learning environment, seeking to provide students with a well-rounded view of the various disciplines encompassed by the Triple Bottom Line, and how concepts of sustainability can be implemented into business, public policy, community development, and public health. Graduates will be able to leverage a broad understanding of sustainability concepts to applications in many sectors, and to integrate various approaches in strategy and decision making for the future.

UNDERGRADUATE DEGREES

BACHELOR OF SCIENCE IN ALTERNATIVE AND RENEWABLE ENERGY MANAGEMENT

The Bachelor of Science Degree with a major in Alternative and Renewable Energy Management will enable you to explore with a broad based knowledge of the sustainable energies industry combined with a general education foundation and business and management applications. Courses include Solar Energy and Photovoltaics; Energy and the Environment; Alternative Energy Safety; Nuclear Energy; Wind Energy; Geothermal Energy; Hydroelectric Energy; and Managing an Alternative Energy Project.

Emphasis is placed on communication skills, global awareness, management skills, critical thinking, codes and standards, and construction and environmental regulations and requirements. As a graduate of this program, you will be prepared for a productive management career in the alternative and renewable energy environment.

VISIT OUR WEBSITE FOR DEGREE PROGRAM COURSE LISTINGS

BACHELOR OF SCIENCE IN ALTERNATIVE MEDICINE

The Bachelor of Science Degree with a major in Alternative Medicine will prepare students for entry-level careers in the alternative medicine environment such as chiropractic, acupuncture, physical therapy, rehabilitation, hospitals, wellness centers, and spas. Students entering this program with previous vocational, technical training, or an Associate's Degree will gain the knowledge necessary for advancement in the alternative medicine environment. Everglades University is proud to be one of the few regionally accredited universities offering such a comprehensive alternative medicine degree program. This degree will empower the graduate to become a well-rounded and educated professional with a broad

basis for decision making in the ever-changing field of healthcare. A concentration in the science studies is ideal for students preparing for advanced education.

In addition, this program will furnish students with an understanding of the different modalities associated with alternative medicine. Program courses include but are not limited to Herbology and Botany; Nutrition and Aging; Dietary Influences on Health and Disease; Alternative Approaches to Disease; Detoxification and Healing; Ayurvedic Medicine; Naturopathy; Antioxidants; and Traditional Chinese Medicine. The Bachelor of Science Degree with a major in Alternative Medicine will enable you to successfully incorporate a more holistic approach into your career.

"My experience at Everglades University has been exceptional! I feel like the dean, advisors, and other staff are like family because they genuinely care about my progress and have shown me their kindness and willingness to help whenever I needed it. Thank you." Veronica Nelson, 2020, Bachelor's in Alternative Medicine, EU Tampa

BACHELOR OF SCIENCE IN AVIATION/ AEROSPACE

The Bachelor of Science Degree with a major in Aviation/Aerospace delivers a solid general education combined with the flexibility for coursework covering a wide range of specific aviation courses and a strong selection of management courses. The program provides the aviation professional with an extensive academic background to complement his/her aviation technical background whether it is in Air Traffic Control, Aviation Maintenance, Flight Operations, Dispatch Operations through verified FAA Certifications or Military Aviation Operations. Individuals not holding FAA Certifications will be able to complete the program with required coursework.

This degree program enhances graduates' use of aviation/aerospace analytical and communication skills to obtain an understanding of general aviation/aerospace principles, laws and regulations, operations as well as specific skills and knowledge based on their concentration selected.

Concentration areas include Unmanned Aerial Systems (UAS), Aviation Safety, Flight Operations, Management, Aviation Maintenance Management, Aviation Operations Management, and Aviation Security.

Graduates will be equipped to meet the challenges of the diverse and dynamic aviation industry.

“Attending Everglades University has been one of the best decisions I’ve made. As an airline pilot I have a rigorous work schedule, and I’ve found with the flexibility EU programs offer they allow me to succeed with a structure of learning that is conducive to success. I can log in anywhere that has internet to complete my school work. The online classes are held in an easy to use interface that makes it convenient to get things done as time in my schedule allows.” Gregory Custer, 2020, Bachelor’s in Aviation/Aerospace Flight Operations Management, EU Online

BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION

The Bachelor of Science Degree in Business Administration gives students the opportunity to explore industry specific topics including International Business, Management Information Systems, Marketing Management, and Research and Statistical Analysis. As a student in this program, you will learn how to effectively collect, analyze, and present information necessary to make sound business decisions in the ever-changing global business world. Additionally, you will

The interpersonal and analytical skills provided by this program, combines with the management, policy and business emphasis, should prepare graduates from this program to hold positions as sustainability managers or directors, sustainability consultants, researchers, and environmental analysts in both the private and public sectors.

Graduates from the Bachelor of Science Degree with a major in Sustainability will have a high level of learning in the business background to provide understanding of the business, economic and policy repercussions of sustainability in various industries. Students will attain the knowledge and skills needed to effectively manage organizations and evaluate policy decisions in the public and private sectors with a deep understanding of the environmental science, political, and business aspects of Triple Bottom Line thinking.

ADMISSIONS PROCEDURES

The admissions policies of Everglades University were developed to ensure that all students have a reasonable expectation to complete their chosen degrees. To learn more on how to become an Everglades University student, please contact the Admissions Office or log on to our website at www.EvergladesUniversity.edu to submit an application. Applicants should submit their applications well in advance of the start date desired to permit proper scheduling and assure availability.

Our Admissions Offices are open throughout the week during the following hours: Monday through Thursday, 9:00 am- 8:00 pm; Friday, 9:00 am- 5:00 pm; and Saturday, 9:00 am- 5:00 pm and by appointment.

Key elements to success at Everglades University:

- An Admissions Counselor will assist and guide you, from beginning to end, in all aspects of the admissions process. Any questions or concerns that you may have about the admissions process can be answered by your Admissions Counselor or may be directed to the Director of Admissions.
- Financial aid is available for those who qualify. Contact the Financial Services Department to speak with a Financial Aid Officer at your campus of interest.
- All local applicants are encouraged to visit the University in person.
- The University utilizes a rolling admissions policy. Applicants will be notified of their acceptance or rejection to the University.
- All admissions services are conducted on an equal opportunity/equal access basis.
- Everglades University provides employment placement assistance, however, we do not promise or guarantee employment.
- Online tutoring is available to students through the tutoring system called Smarthinking, 24 hours a day, 7 days a week. Smarthinking tutoring includes live, on-demand tutoring; in addition to a writing lab.

In order for Everglades University to provide these services, applicants should demonstrate to the University both the ability and motivation to succeed.

ADMISSIONS REQUIREMENTS FOR UNDERGRADUATE STUDENTS

In order to be considered for enrollment at Everglades University, all applicants must:

- Complete an application for admission
- AND
- Provide verification of high school graduation or verification of GED completion (subject to validation by University Official)

OR

- Provide verification of graduation from an accredited college or university

OR

- Provide verification of graduation from a foreign institution comparable to a U.S. secondary school or university

AND

- Provide a non-refundable fifty dollar application fee

AND

- A student should make arrangements to take Everglades University's entrance examination or provide results of a Scholastic Aptitude Test (SAT) or American College Testing exam (ACT). The University's requirements for admission are a score of at least 15 on the University's entrance exam, or a combined score of 800 on the SAT, or a composite score of 17 on the ACT. Students taking the SAT between March 2005 and March 2016 are required to have a combined score of 1200. Florida's CLAST exam is also acceptable with passing scores or exempt scores (997,998,999) in computation and reading. Any student entering the University with an earned college degree is not required to take an entrance examination. Everglades University reserves the right to accept ten percent of its applicants who do not meet the appropriate entrance test score requirements.

"I came to Everglades and pursued a bachelor's degree. My experience and the knowledge gained, I knew I needed to continue my education and get a master's degree. Earning my master's degree in construction was one of the best decisions I've ever made. I was promoted and now contracted with several companies. Earning my masters, allowed me the ability to be free and earn more money. Earning this degree helped my family, it was challenging, but worth it!" Max Maxi, 2021, Master's in Construction Management, EU Boca

INTERNATIONAL STUDENTS UNDERGRADUATE ADMISSIONS

Everglades University is proud of the international character of its student body and welcomes students from other nations. All international students must be fluent in English. Applicants may be asked to furnish proof that they can read, write, and speak English fluently. This school is authorized under Federal law to enroll nonimmigrant students.

International student applicants must meet all admissions requirements for undergraduate students and the following requirements for admission to Everglades University:

- Successful completion of a secondary school program equivalent to high school in the United States or graduation from a college or university found to be equivalent to graduation from a college or university in the United States.

All documents submitted in evidence of high school graduation or the equivalent and college credits must be notarized and accompanied by a certified translation if not originally issued in English. Acceptable certified translations may be issued by one of the following organizations: official national government entity such as Ministry of Foreign Relations or Ministry of Education, American Embassy, a U.S. National Cultural Center, or other authorized translator.

- Certification of financial ability to meet tuition and other necessary expenses or ability to qualify for financial aid as an eligible non-citizen.

(And when determination is made by the Director of Admissions)

- TOEFL (Test of English as a Foreign Language) score of 500 or higher on the paper TOEFL, or 61 or higher on the Internet-based; or 173 or higher on the computer TOEFL if a student's primary language is not English.

Students should apply at least two to four months prior to the start of the program to allow time for processing especially if a student visa is needed. International students are required to pay for each semester (period of financial obligation), including tuition, books, and education fees, prior to the start of each semester. International students attending Everglades University on a student visa must be enrolled as full-time students.

Applications for international students can be obtained through the Admissions Office or by visiting the University's website at www.EvergladesUniversity.edu.

HOME-SCHOOL APPLICANTS

Applicants must hold a University-recognized high school diploma or GED equivalence, or provide documentation that they have completed a home school program as authorized by their state or county school board.

ADMISSIONS REQUIREMENTS FOR GRADUATE STUDENTS

In order to be considered for enrollment for a Master's Degree level program at Everglades University, all applicants must:

- Complete an application for admission
- Provide verification (official transcript) of an earned Bachelor (minimum) or Graduate Degree from a college accredited by an agency recognized by the U.S. Department of Education
- Have a cumulative grade point average of 2.0 at the baccalaureate level on a 4.0 scale or 3.0 at the masters level on a 4.0 scale
- Earn a minimum GMAT (Graduate Management Admission Test) score of 500 or a minimum GRE (Graduate Record Examination) score of 290 (1,000 using the previous reporting scale) is required*
- Complete any necessary prerequisite courses
- Provide a non-refundable fifty dollar application fee

* Applicants with a cumulative grade point average of 2.5 or above on a 4.0 scale at the baccalaureate level will not be required to complete an entrance examination. Additionally, if the student has completed at least 6 semester credit hours at the graduate level with a cumulative grade point average of 3.0 or above on a 4.0 scale will not be required to complete an entrance examination.

INTERNATIONAL STUDENTS GRADUATE ADMISSIONS

Applicants to a Master's Degree program, whose native language is not English, are required to demonstrate English language proficiency before they can be admitted. This school is authorized under Federal law to enroll nonimmigrant students. International student applicants must meet all admissions requirements for graduate students. Additionally, international students who have not attended a high school, college, or university in the United States are required to adhere to the following procedures:

APPLICATION PROCEDURES

1 Choose your degree program and campus

2 Check the admission requirements

3 Apply online

4 Submit your required documents

<https://enroll.EvergladesUniversity.edu/>

EMPLOYERS OF OUR GRADUATES

It is the policy of Everglades University to assist students in finding a career upon graduation. Prior to, and after graduation, the administration will advise the student in career development skills and assist the student in finding employment in their chosen career fields. This service is available to both online and on-campus students.

A complete list of employers of our graduates can be found at:

**[WWW.EVERGLADESUNIVERSITY.EDU/PDF/
EU_EMPLOYERSOFGRADS_SHEET.PDF](http://WWW.EVERGLADESUNIVERSITY.EDU/PDF/EU_EMPLOYERSOFGRADS_SHEET.PDF)**

- Successful completion of a secondary school program equivalent to high school in the United States and graduation from a college or university found to be equivalent to graduation from an undergraduate program at a college or university in the United States.

All documents submitted in evidence of high school graduation or the equivalent and college credits must be notarized and accompanied by a certified translation if not originally issued in English. Acceptable certified translations may be issued by one of the following organizations: official national government entity such as Ministry of Foreign Relations or Ministry of Education, American Embassy, a U.S. National Cultural Center, or other authorized translator.

- Certification of financial ability to meet tuition and other necessary expenses or ability to qualify for financial aid as an eligible non-citizen.

(And when determination is made by the Director of Admissions)

- Applicants must hold a University-recognized high school diploma or GED equivalence, or provide documentation that they have completed a home school program as authorized by their state or county school board.

Applications for international students can be obtained through the Admissions Office or by visiting the University website at www.EvergladesUniversity.edu. Students should apply at least two to four months prior to the start of the program to allow time for processing especially if a student visa is needed. International students are required to pay for each semester (period of financial obligation) including tuition, books, and education fees, prior to the start of each semester. International students attending Everglades University on a student visa must be enrolled as full-time students.

ADMISSIONS WAIVER REQUIREMENTS

Students not meeting all of the undergraduate or graduate admissions requirements may be granted a waiver. If accepted for admission, a student must maintain satisfactory academic progress per the University policy. Everglades University reserves the right to accept ten percent of its applicants who do not meet the minimum entrance test score requirements, taking into account other factors that may indicate a student's qualifications for admission.

"I am glad that I chose Everglades University for my online college courses/degree. All of the staff I have worked with during enrollment have been so nice, polite, and welcoming. I like the structure of the courses, because it works with my busy schedule being a stay-at-home mom. This allows me to work on my degree while I take care of my kids, and work on my business start-ups. I would highly recommend this university for anyone who wants to work and still have a regular schedule and family life. They offer one course at a time, and that's perfect!" *Nicole Sanchez, 2023, Bachelor's in Alternative Medicine, EU Online*

YOUR SUCCESS IS OUR SUCCESS

“When I first came to Everglades University, I wanted to obtain the knowledge necessary for me to take my career to the next level. All of the instructors, in one way or another, have contributed to making a change in my life. The Everglades University staff members have a high level of professionalism, and they have been helpful every step of the way since the very first day I came to the campus. Because of my educational experience at Everglades University, I feel more prepared and ready to face the challenges of the aviation field. Before I came here, I could not imagine myself working in the aviation environment, but with this degree, I can say that I am completely prepared. I am happy to share that I am now the Production Supervisor at United Airlines. I am very pleased with this entire experience.” **Carlos De Sequeira Molina, 2021, Bachelor’s in Aviation/Aerospace, EU Tampa**

“I wanted to become a manager and not a worker, so I decided to enroll with Everglades University. All the instructors were great and none of them would fail me with regards to support in order to ensure my success.” **Michael Miller, 2020, Bachelor’s in Aviation/Aerospace Management, EU Online**

“I completed my B.S. in Alternative Medicine in July of 2017 and started my Master’s in Public Health Administration, with a concentration in Functional Nutrition in January 2018. I continued with Everglades University Orlando, because of my positive experiences during the time I was there for my Bachelor’s degree. I believe that I will achieve and succeed in my profession, because of my education at Everglades University and all of the instructors and staff who encouraged and helped me along my journey.” **Doreen Munson, 2020, Master’s in Public Health Administration, EU Orlando**

“My experience at Everglades University Sarasota Campus was enriching, enlightening, and helped me find myself through a global perspective on education. I have been told that finding the right program helps to mold our future, and my experience at Everglades Sarasota has taught me that meeting the right faculty/staff/and University Management plays a key element in a student’s career. Academia has been my second home and the ability to apply the knowledge I gained in the classroom is the best tool Everglades could grant me.” **Mehwish Rashid, 2020, Master’s in Public Health Administration, EU Sarasota**

“Everglades has helped me reach my goal of obtaining a Bachelor’s degree in a quick fashion. As the first woman in my family to get a degree before age 23, it makes me extremely proud. I currently work at a herbal shop, where I use my knowledge of herbal and holistic practices from my Alternative Medicine program at EU, to guide people towards the correct path for healing yourself.” **Dina Barona Morales, 2020, Bachelor’s in Alternative Medicine, EU Orlando**

“My classes at EU provided invaluable real-world crisis management experience, and my degree in Crisis and Disaster Management allowed me to achieve my goal of becoming a U.S. Military base & installation, Emergency Manager. My Everglades education gave me the edge in this everchanging world where we must adapt to our surrounding environments and global competition.” **Stephen Matthews, 2020, Bachelor’s in Crisis and Disaster Management, EU Sarasota**

“Everglades has opened opportunities for career advancement that would not be possible without this education. It served as a launching pad for me and I will be doubling my salary upon graduation. This is a major blessing that has been made possible by attending Everglades University.” **LeeRoy Salainas Jr., 2019, Bachelor’s in Environmental Policy and Management, EU Orlando**

“While in my program, I gained hospitality experience at a local Hyatt property and found a keen interest in the financial side of the business. I became especially interested in the finance and accounting field when I was in my accounting class with Ms. Scott at the Tampa campus. She inspired me to pursue my talents and interest, and now I plan to continue my education in Finance.” **Fabrice Hoareau, 2020, Bachelor’s in Hospitality Management, EU Tampa**

“I was working as a Project Engineer, and while working full time, I never thought I would be able to complete my degree. Everglades University provided the support I needed to keep me engaged and interested in completing my degree. Earning this degree has provided me with options to grow within my company, as well as get more notice from local recruiters looking for specialized talent in the industry.” **Jake Wiseman, 2020, Bachelor’s in Construction Management, EU Online**

YOUR SUCCESS IS OUR SUCCESS

“My education at Everglades University has helped me advance in my career and I would not be where I am today without all the knowledge I have gained from my Bachelor’s in Crisis and Disaster Management and graduate degree in Public Health from EU Sarasota Campus.” **Andrew Forcucci, 2014, Bachelor’s in Crisis and Disaster Management; 2020, Master’s in Public Health Administration, EU Sarasota**

“Monday I embark on a new journey, as I will be taking on the role of General Manager for the first time in my professional career for a Holiday Inn Express here in Florida. Truly a dream come true with all the work and school paying off. My degree from Everglades University was a great contributing factor in this new chapter of my career.” **Karl Cieslak, 2020, Bachelor’s in Hospitality Management, EU Tampa**

“Three and a half years ago I walked into the school for a tour and immediately knew I was going to attend school at Everglades University. That feeling carried me through, and did not disappoint. The classes I’ve had, the instructors I have gotten to know, and the administration, that has consistently shown they care has been an intricate part of my journey. As I finished up my B.S. in Alternative Medicine, I knew I would not have gotten here without the support of everyone I listed above. So much so, I am now completing my Masters in Public Health Administration!” **April Cruz, 2021 Bachelor’s in Alternative Medicine / Master’s in Public Health, EU Orlando**

“Attending Everglades University has been one of the best decisions I’ve made. As an airline pilot I have a rigorous work schedule, and I’ve found with the flexibility EU programs offer they allow me to succeed with a structure of learning that is conducive to success. I can log in anywhere that has internet to complete my school work. The online classes are held in an easy to use interface that makes it convenient to get things done as time in my schedule allows.” **Gregory Custer, 2020, Bachelor’s in Aviation/Aerospace Flight Operations Management, EU Online**

Following some unforeseen life-changing events, my time in the Army was cut short. I returned to the civilian world not knowing what path to take. I looked towards the future and what career I could pursue that interested me. Environmental and social issues have always been near and dear to my heart, so I began searching for the perfect fit and I ultimately landed at Everglades University Tampa campus, where I earned my bachelor’s in Alternative and Renewable Energy Management and am currently pursuing my Masters in Sustainability. I have received an offer for my dream job as the Traveling Project Manager at a sustainability firm. I remember when I felt I would never get a job that I felt both passionate about and challenged. I received an official offer and will be starting very soon.” **Jean Acevedo, 2022, Bachelor’s in Alternative and Renewable Energy Management, EU Tampa**
