Everglades University has adopted a flexible approach to administering emergency grants to students negatively impacted by the COVID-19 economic crisis. In creating this policy, the University seeks to achieve five goals:

- To expeditiously develop and implement a plan to distribute CARES Act funds to Everglades University Students.
- To adhere to CARES Act requirements and Department of Education interpretive guidance in distributing funds.
- To create a process for awarding of funds that is defensible, replicable, and equitable – a process which will stand up to predictable future scrutiny (auditors, legislators, media, etc.).
- To distribute funds in a manner that best ensures student support in light of COVID-19 and economic challenges.
- To utilize existing processes and automate the awarding, distribution, and tracking process to the greatest degree possible.
